

BINGO GAME RULES

Age & Entry

You must be 18 or older to enter the gaming area.

Buying & Playing

- Every player must buy their own package to play. You can't share or split packages.
- Packs and throwaways can only be used during the session they're sold.
- To claim prizes, you must have a BIG Rewards Card and a receipt from the same session.
- All sales are final, so double-check your receipt carefully.
- Check that your Side Bets are listed on your paper or E-receipt. If they're not listed, you can't win those prizes.
- Duplicate cards may occur. If that happens, no extra compensation will be provided.

Winning Rules

- When you win on Side Bets, Event Ticket Games, and Extra Ball Games, your card must have the last number called. (The last number may not be required on other bingo games)
- On multiple wins, to determine Prize, divide the level payout amount by the total number of winners.
- Wild number games, if a wild number is drawn right after a "extra ball" or Fireball, the wild number will not block the prize.
- When you win, you must raise your hand and clearly shout "BINGO!" so the caller or staff can hear you and stop the game.
- If you need a quick break (bathroom, picking up food or doing bingo business with staff) a floor worker or nearby player can call Bingo for you.
- No one else-players or staff -can call Bingo for you if you are playing in slot room or have left the building. EXCEPTION: Texas blackout someone else can call bingo for you if you are in slot room, but you must come back to your seat within 5 minutes of verification. If you do Not return in time the game will continue, and your win will become in valid.

Payouts & Verification

- All wins and jackpots are subject to surveillance review.
- **For wins over the taxable amount, IRS rules apply. You will need a valid ID and social security number.**
- Wins of 20 or more on Side Bet games, the Bingo system fast tracks the verification process. Any Side Bet prizes will be validated and paid out within 48 hours.

Gameplay & Behavior

- Only the numbers called by the caller count as official.
- Screens and flashboards are just for help, they're not official.
- Altered or damaged cards won't be paid.
- Cards purchased under another players name will not be honored.
- Cheating or breaking the rules may lead to legal action.
