## How The Group Pull Works

### TEAM SELECTION

- At checkin, players choose a team: Bass or Salmon
- First come, first choice
- Once one team is full, remaining players will be assigned to the other team

### GAME PLAY

- Each team starts with \$5,625 on a manager selected slot machine
- Each eligible player will spin 15 times at \$15 per spin

### WINNINGS & PAYOUT

- After the final spin, each team's total winnings (including jackpots) are calculated separately
- Bass team winnings are split equally among Bass players
- Salmon team winnings are split equally among Salmon players
- All payouts are rounded down to the nearest whole dollar
- Any remaining change will be donated to My Sister's Pantry
- If an individual player's share exceeds \$1,999, a W2G form must be completed prior to payout.
