How to Play:

Win the Strip Ticket game during October and play Pumpkin Cash for your chance to win \$100,000!

The Pumpkin Cash is played after the Strip Ticket verification. It is operated from a kiosk in the main room, displayed on a large screen and TVs through the hall.

The contestant(s) will meet the floor manager at the kiosk to start the game.

The contestant presses the Start Here game button on the kiosk to move its first space.

Each space represents a prize, and the space the contestant lands on determines the prize they win.

The contestant will get 4 turns and win the cumulative total of the 4 turns.

Make it all the way to the Pumpkin House and Win \$100,000 (Insured by SCA Gaming).

When the \$100,000 Grand Prize is won, the promotion will come to an end.

Multiple bingo winners will share the bingo prize and the Pumpkin Cash prizes.

Employees of BJ's and family members who live with the employee shall be ineligible to participate in the promotion and shall be ineligible for the \$100,000 prize.

A malfunction voids all pay and plays. In this event, a \$250 prize will be awarded to the Pumpkin Cash player for that session and split if multiple players are involved. The game will remain paused until the issue is resolved.

Management reserves all rights to change or cancel the Pumpkin Cash promotion at any time.

The unit at BJ's is similar to any slot machine that it was approved after extensive testing at GLI testing lab.

The Grand Prize Winner will be paid by BJ's Bingo and Gaming once the claim is verified as valid by a third-party insurer within 5-7 days for the winning occurrence.
